Web developer and graphic designer with expertise in PHP, JS, CSS, HTML, React, Solidity, Photoshop, and Illustrator, I am highly detailed-oriented and experienced in leading product strategy and business development. I possess in-depth knowledge of market trends and am successful at establishing clear objectives for team members while enforcing deadlines to keep projects on track.

With focus on overseeing projects from concept through final delivery, I have a proven track record of creating brand messages, strategies, and key graphic productions. Additionally, I am resourceful and hardworking with vendor sourcing expertise and empowering leadership skills, as illustrated by my 2 years of industry success.
